INTRODUCING **JUVÉDERM™ INJECTABLE GEL—**
 A "NEXT-GENERATION" DERMAL FILLER

An exclusive offer for **FirstName LastName**
 from **ALLERGAN** and **HCPname**

Juvéderm™ is a whole new kind of smooth gel filler that your healthcare professional eases under your skin to instantly smooth those "parentheses" lines around your nose and mouth. So smooth and natural, everyone will notice, but no one will know. Because parentheses have a place (just not on your face).

BOTOX® Cosmetic is approved for the temporary treatment of moderate to severe frown lines between the brows in people ages 18-65.

Important Safety Information about BOTOX® Cosmetic

Serious heart problems and serious allergic reactions have been reported rarely. If you think you're having an allergic reaction or other unusual symptoms, such as difficulty swallowing, speaking or breathing, call your doctor immediately. The most common side effects following injection include temporary eyelid droop and nausea. Localized pain, infection, inflammation, tenderness, swelling, redness and/or bleeding/bruising may be associated with the injection. Patients with certain neuromuscular disorders such as ALS, myasthenia gravis or Lambert-Eaton syndrome may be at increased risk of serious side effects.
